

# Vacuum vessel, ports and related accessories

## Procurement : administrative and regulatory issues

The material and information contained in this presentation are provided for information purposes only, and should not be construed as basis for technical specifications of the call for tender

# Procedure

Subject: Procurement of Vacuum vessel and ports

Estimated time of launch: within Q1 2022

Type of procedure: Open

Estimated value  $\approx$  25.5 M € - single lot

Delivery to Frascati DDP.

Applicable law: Italian law on Public procurement (Code of contracts D.lgs 50/2016)

Any interested economic operator, as a single tenderer or joint submission, can apply to the procedure.

The conditions of the GPA (Government Procurement Agreement) stipulated in the framework of the WTO (World Trade Organization) apply to the procedures.

---

# Conditions for participation

1. Suitability to pursue the professional activity (enrollment in one of the professional or trade registries, kept in their Member State of establishment)
  2. Absence of any grounds of exclusion (art. 80 Code of contracts)
  3. Adequate financial and technical capability.
-

# Exclusion criteria

The tenderer, Group Member in case of a Joint Submission, Third party, Subcontractor shall provide a **declaration on honour (DGUE or ESPD)**, stating **that it is not in one of the exclusion situations (art. 80 Code of contracts)**.

A **single tenderer shall be excluded** from the procurement procedure if:

- it is in any of the situations for exclusion or
- a declaration on honour (DGUE/ESPD) is not submitted.

In **case of joint tendering, the group shall be excluded if:**

- a group member is in any of the situations for exclusion or
- a group member has not submitted a declaration on honour (DGUE/ESPD)

**Awarded contractor, and its subcontractors and/or third parties, will be subjected to Anti-Mafia verification before signing the contract. (Mandatory requirement!)**

---

# Selection criteria 1

## Economic and financial Capability

Demonstration to have the following noteworthy value:

Total turnover of last 3 financial years for which the accounts have been closed > 10 M € per year

*Requirements reported above are indicative. DTT reserves the right to change or modify them. Definitive requirements will be reported in tender notice.*

---

# Selection criteria 2

**Technical Capability – applicable as a whole:** demonstration of adequate capability in designing and manufacturing of similar vacuum vessel in austenitic stainless steel (AISI 316L or 316LN) for Ultra High Vacuum (UHV) applications

## **Minimum requirements:**

- Having performed at least two supply of similar vacuum vessels for UHV application within the last 7 years
- Having performed at least two supply of austenitic steel components with dimensions greater than 5.0mx0.8mx2.0m for an amount equal or greater than 5 M €
- Possession of qualified personnel such as PM, PE, welders, CATIA designers etc.

## **Quality criteria – applicable at individual entity level:**

Demonstration of a working management system, that is appropriate for the technical scope of the contract resulting from this procurement procedure (ISO 9001 certification or equivalent).

*Requirements reported above are indicative. DTT reserves the right to change or modify them. Definitive requirements will be reported in tender notice.*

---

# Third Parties

A tenderer may, where appropriate, rely on the capacity of a third party to prove technical and/or financial capacity.

In this case, tenderer shall provide during tender phase:

- Declaration on honour of third party (DGUE/ESPD)
- Declaration of third party undertaking
- Contract between tenderer and third party - **signed before submission deadline** - with explicit mention of all resources at disposal of tenderer for contract performing

*Contract not signed or without explicit mention of all resources at disposal of tenderer for contract performing will be considered null and not taken into account to prove capability*

---

# Subcontracting

It is permitted, prior written authorization of DTT. Tenderer must indicate in the offer which part of the contract it intends to subcontract.

*DTT reserves the right to forbid subcontracting for some activities considered “core”, such as final integration of the components or similar. Activities for which subcontracting is not admitted will be declared in tender notice.*

Subcontracting is subject to:

- a declaration of the Contractor that the Subcontractor meets the provisions required by the contract or the applicable legislation;
- submission of Declaration on honour by subcontractor - DGUE/ESPD - before the start of the subcontractor’s activities
- the verification by DTT during the performance that the above requirements are met by the Subcontractor for the whole duration of the contract

If the Subcontractor does not meet the above mentioned requirements anymore, and/or if it fails to fulfil the obligations set out, the subcontract authorization will be revoked.

The Contractor is liable to DTT for complete fulfilment by the Subcontractor of all the obligations and duties deriving from the Contract. The Contractor is liable to DTT for any non-compliance/irregularity by the Subcontractor

---

# Award Criterion

Economically most advantageous offer:

① Quality ratio: at least 70%

② Price ratio: up to 30%

Evaluation sub-criteria will be detailed in tender documentation

---

# Administrative documentation – Envelope A

- ① Application form / Domanda di partecipazione
- ① Supplementary Declarations/ Dichiarazioni integrative
- ① ESPD/DGUE
- ① Subscription of Ethic code « Patto d'integrità»
- ① **Receipt of ANAC**<sup>\*1</sup> contribution (amount will be detailed in tender documentation)
- ① Authority virtual company passport (**AVC pass**)/ **Pass OE**<sup>\*2</sup> (for tenderer, group member and third parties)
- ① “Provisional Guarantee” (bank or insurance guarantee) in amount equals to 2% auction base and commitment to provide a final guarantee in case of awarding

---

<sup>1</sup>Italian Authority for Anti-Corruption

<sup>2</sup>To get AVC pass is necessary register to the ANAC portal ([www.anticorruzione.it/servizi](http://www.anticorruzione.it/servizi)) and follow the instructions to create Pass OE.

# Technical offer envelope – Envelope B

Documents prescribed by the tender disciplinary on which the scores will be assigned:

- Technical offer (manufacturing, assembly, testing, transport and delivery plans, special emphasis will be given to the completeness of the qualification activities)
- Quality documentation (quality plan, time schedule, resources plan, risk register and etc)

**! No reference to price shall be included into technical envelope. Technical offers containing price elements will be rejected.**

---

## Economic offer envelope – Envelope C

Offer shall contain single percentage discount applied on the total auction base amount net of VAT and/or other statutory taxes and contributions, as well as safety charges.

**! Economic offer exceeding the auction base will be excluded. Partial, multiple, conditional, alternative and irregular bids will also be excluded.**

---

# Contract provisions

**Duration of the Contract:** 41 months

**Final guarantee:** Before the signing of the contract, awarded contractor shall provide a bank or insurance guarantee equals to 10% of the contract amount.

**Payment scheme:** 30 days from the receipt of the invoice

**Pre - Payment = 20%** of contract amount (DTT will only pay, if it has received a duly constituted guarantee for equal amount).

**Insurance:** Before the signing, the contractor must provide a liability policy, which expressly provides for insurance against direct damage arising from the performance of the contract, with a minimum ceiling of 5 M €.

**Transfer of contract:** not admitted

**Liquidated damages in case of delays:** to be fixed. Max 1‰ (one per mil) of Milestone value per day of delay, up to a maximum of 10% of the contract amount

**Dispute resolution:** Court of Rome
